

Keyline Technologies — Employee Handbook

Classification: INTERNAL • Access: All Employees

1. Company Overview

- Keyline Technologies is a fictional software company developing secure collaboration and knowledge-management products.
- Employees are expected to protect company information, follow security procedures, and use company systems responsibly.

2. Working Hours

- Standard working hours are 9:30 AM to 6:30 PM, Monday through Friday.
- Teams may use approved flexible working arrangements with manager approval.

3. Leave Policy

- Employees receive 18 paid leave days per calendar year.
- Planned leave should normally be requested at least three working days in advance.

4. Information Security

- Employees must use strong passwords and multi-factor authentication where available.
- Company documents must not be shared with people who do not have permission to access them.
- Suspected security incidents must be reported to the IT Security team.

5. Workplace Conduct

- Employees must communicate professionally and respect colleagues, customers, and business partners.
- Company devices and accounts are intended primarily for authorized business activities.

Demo dataset for the Keyline permission-aware RAG project. All names, figures, and company information are fictional.
